From the Leiden Gazette, dated June 5.

Rome, May 17.

**O**N Whitunday the Pope walk'd on Foot in the Solemn Procession usually made on that day, from the Cathedral of St. Peter to the Church of the Holy Ghost; his Holiness was accompanied by the Sacred College; the Secular and Regular Clergy gave their Attendance likewise on this Occasion. The same day the Pope made a Visit to Cardinal Charles Barberino, who is confin'd to his Bed by Sickness and Age; and after a long Conference with him his Holiness gave him his Benediction, as he did likewise to all the Princes and Princesses of the Family of Barberini who were present; after which he return'd to the Vatican: This Visit was perform'd in great State, Cardinal Francis Barbarino, Nephew of Cardinal Charles, receiv'd his Holiness at his alighting out of his Coach, and re-conducted him to it, accompanied by 6 other Cardinals; and attending him back to the Vatican, return'd him publick Thanks for the great Honour done to their Family in that Visit. A Chapter of the Carmelites have elected Father Gambos a Frenchman to be their new General; whereupon the Germans have protested against the Election, alledging it was brought about by a Cabal of French and Spaniards, who us'd ill Arts to procure the Plurality of Voices to fall on Father Gambos; and have declar'd he shall never be own'd in Germany for General of the said Order. The Jesuites themselves seem uneasy under the Apprehension that the French and Spanish Faction will prevail in the Election of a General of their Order, as they have already in the Elections of Generals of the Dominicans and Carmelites. The Pope has sent his Nephew Don Annibal Albani to Naples, to Negotiate an Accommodation between the Viceroy of that Kingdom and the Archbishop of Sariento. The Palace of Urfini is fitting up against the Arrival of the Princess of that Name who is coming hither from the Court of Madrid, where she was first Lady of the Bedchamber to the Queen of Spain.

From the Leiden Gazette, dated June 12.

Rome, May 24. The 21st there was a Consistory, when the Pope made an eloquent Discourse to the Sacred College, in which he acquainted them with the Resolution he had taken to make a speedy Promotion of Cardinals, and renew the ancient Custom of

making those kind of Promotions in the Cathedral of St. Peter, whereas for a long time it has been done in a Hall of the Palace where the Pope has his Residence. The 22d being the Festival of the Holy Sacrament, a Procession was made with great Ceremony as usual, and the Pope himself carried the Host. There was a prodigious Crowd of People, who were mightily edified to see his Holiness shed Tears as he was carrying the Host along. Last Night the Pope receiv'd Advice by an Express from the Cardinal Legate of Ferrara, that the 2000 Imperialists that were in that Province are most of them march'd towards the Mirandolan; which was very welcome News to his Holiness, the more, because 'tis not doubted the Detachment of French who entred the Ferrareze to observe those Imperialists will now quit it likewise. The Duke of Modena receiv'd an Express some days ago from his Dutches who is at Bologna, with Advice, that the French have suspended the demolishing of the Fortifications of Bersello, till a Courier whom his Holiness has sent to the Court of France on that Affair is return'd. The Duke of Uzeda, Ambassador of Spain, is return'd hither. The Queen Dowager of Poland has communicated to the Pope two Letters she has newly receiv'd, one from Prince Alexander Sobieski her Son, the other from the Cardinal Primate, in which 'tis said they complain of the Proceedings of the Apostolical Nuncio in Poland. The Prior Vaini having shewn a ready Obedience to the Order sent him by the Court to return to Malta and make satisfaction for the flight he had put upon one of their Ministers there; I say having shewn his Submission to this Order by going immediatly to Naples to embark for Malta, the Court has accepted it for full Satisfaction, and have recall'd and forgiven him.

Paris, June 3. The Design of sending Troops to Spain from Languedoc, not being ready yet to be executed, the King has resolv'd to give out Commissions for levying 6 new Regiments of Foot and 3 of Horse; which are to be rais'd in the Provinces that lye nearest to Spain, on very advantageous Conditions to those who Lift themselves; viz. they will be promis'd the same Pay as is given to Foreign Troops, that they shall serve but three Years, and when that Term is expir'd, shall be exempted from all manner of Taxes for 10 Years. Some Persons accus'd of holding Intelligence with

with the Amirante of Castile have been seiz'd at Madrid. The King of Spain has made several Alterations among the Officers of his Household, as also among those of the Queen's and Queen Dowager's Households, because of private Intelligence which was suspected to be carry'd on by those Officers that are remov'd.

From Antegoa, April 16. 'Yesterday we arriv'd here from Carolina, we had been at Charles Town on Ashley River, where the Inhabitants (who are generally in a very flourishing Condition) have thrown up Intrenchments to defend the Place, which Intrenchments were just finish'd when we came away. Some time before we came to Carolina, Collonel Moore (lately Governour of Carolina) having got together about 56 English Men and 2500 Indians Volunteers, went out with them no Purchase no Pay, Share and Share alike; They travell'd above 300 Miles with small Arms only, and arriv'd at Appolachos a place possess'd by the Spaniards lying near the Gulph of Florida; the Town and Fort was guarded by a considerable number of Spaniards and Indians, Collonel Moore attack'd it with so much Courage that the Town and Fort were taken by Assault, 700 of the Garrison which consisted mostly of Indians were kill'd, the rest were made Prisoners; when our Indians had taken the Spanish Indians Prisoners in number 200, they used them very cruelly. This part of America is in good Health.
